

Impact Report 2019

*Police Athletic League
of Philadelphia*

A Message from the Board Chair

RON RABENA

Dear Friends,

Thank you for supporting the Police Athletic League of Philadelphia (PAL) during its 72nd year. On behalf of the entire organization, I would like to thank Bernie Prazenica, President and General Manager of 6abc for the enormous contributions he made during his three years as Board Chair. His outstanding leadership, vision, and dedication enabled PAL to improve upon five of its facilities while opening three new ones in much needed neighborhoods. We also launched innovative programs and developed strong partnerships to create collective impact for our youth.

Likewise, I want to congratulate and thank Inspector Jarreau Thomas, who served as Commanding Officer for the PAL Police Unit over the past year and did a phenomenal job. He brought passion and integrity to the role and a true sense of teamwork. We are excited to see what he does in his new role with the Police Department and look forward to the positive impact he is sure to make on the community.

PAL is a longstanding and unique service provider of out-of-school-time programs in Philadelphia. As a nonprofit, PAL exists solely to support a single unit of the Philadelphia Police Department in fulfillment of a shared mission of Cops Helping Kids. We have spent our history building strong, positive, and productive relationships between cops and kids and today have 20 facilities across the city offering fun, safe, and free programming to kids age 6–18.

I myself was a PAL kid and value more than anything what PAL brought to into my life. Growing up in South Philly in the early 1970's, I have fond memories of my time at the Crisconi PAL Center. PAL, the police officers, and the other kids in the center taught me the importance of teamwork, and family, and how to both win and lose gracefully. I learned to value ethnic and cultural differences and how to act like the man I wanted to become.

Kids vote with their feet, and everyday hundreds of kids vote for PAL because they know it as a place where they are safe and where a caring, consistent PAL police officer is there to support them.

As it was for me, the neighborhood PAL Center remains an epicenter of positive activity, and so looking ahead, PAL will embrace the power of partnerships as we innovate and reimagine programming and opportunities for cops to help kids.

We hope you enjoy this report which details some of the impact you helped make possible this past year. We look forward to introducing you to our new Commanding Officer, Captain Krista Dahl-Campbell and invite you to help us rethink and reshape the PAL experience for the kids who need us most.

Ron Rabena

Chief Client Officer
Allied Universal Security Services
PAL Board Chair

Testimonials from District Commanders

Fun.

“The 24th District is at the epicenter of the opioid crisis in the city of Philadelphia, with the drug trade leading to increased gun violence. Having a PAL center in the district enables the youth to participate in activities in a safe, controlled environment. The officers assigned to the PAL centers not only engage in athletic activities with the youth, but also provide guidance to keep these kids on

the right path in life. Oftentimes, the local PAL center is the only resource for kids to become involved in extracurricular activities. Throughout my career I have spoken to many young adults who stated that they would not be where they are now without PAL.

*Capt. William Fisher #16
24th District*

Free.

“The impact that PAL centers have in the City of Philadelphia is significant. Officer Cedric Jones runs a plethora of programs at the southwest PAL Center in the 12th District, but it’s not just those programs that help our children. This center (and all centers) give children the opportunity to interact with other children and officers

in a safe environment learning positive socialization and conflict resolution skills that can benefit them for their entire lives. The numbers of juveniles affected by gun violence would be significantly higher, if not for PAL.

*Capt. Scott Drissel #99
Commanding Officer, 12th District*

Safe.

“Many youth in the 3rd District grow up in an area where there is a temptation to become involved in narcotics and/or gang activity. The Ford PAL Center is critical because it gives the youth from the community a safe place to engage in productive recreational activities. The Ford PAL Center is also a place where youth receive assistance with their school work and are taught important life skills as they mature into young adults. Such services provide them with a chance for a brighter future and improve overall quality of life in the area.

*Capt. Brian Hartzell #9
3rd District*

"I alone cannot change the world, but I can cast a stone across the waters to create many ripples."

-Mother Teresa

One Child at a Time.

When you get involved with the Police Athletic League of Philadelphia (PAL), **YOU** have the power to change a life.

The ripple effect of one person focused on repairing the world can be transformational.

One such life changed by your support is Taron, who grew up in South Philadelphia. The ripple effect as a PAL kid for him is that he now gives back to others by being part of the PAL staff. Taking his PAL experience as a youth and transcending into creating many ripples to continue to benefit others.

Taron speaks fondly of the impact that Officer Darren Lindsay had in his life. Officer Lindsay came to Taron's grandmother's home to check on him one day when he didn't attend PAL programming.

That caring act of Officer Lindsay is never far from Taron now in his daily work with PAL.

"Growing up in South Philadelphia, you were separated by what block you lived on. At PAL, that was the only place that didn't matter where you came from. We got along with everyone." This experience has paved the way for countless thousands of youth to gain support through programs that allow them to build character, see a future, develop transferable skills, build confidence, and see a world where they matter.

One person can make a difference and that is what your gift of support allows PAL to continue to do in our community.

Taron's childhood experience with PAL informed his life now as an adult. The support he received as a youth showcases the strength of the mission that looks at connecting and strengthening the most vulnerable communities.

Taron went on to attend Saint Catharine

College in Kentucky where he played on the nationally ranked basketball team, and to graduate with a B.S. in Business Management. He serves with pride as PAL's Financial Analyst and supports thousands of children through his daily work on the PAL team.

Taron's story is an example of your gifts at work. The life-changing experience for Taron is a direct result of your support to our youth. PAL gave Taron the ultimate gift—hope to see a bright future ahead with adults encouraging him every step of the way.

Your generosity continues to extend a beacon of hope and unwavering support to the youth of some of Philadelphia's most challenged neighborhoods.

You can continue to be that ripple that started over 70 years ago. Now more than ever, PAL's mission is critical to the success of children that are often facing neighborhoods with extreme poverty and violence.

On behalf of Taron and the thousands of youth PAL currently services, **THANK YOU** for making a generous gift this year to continue this vital community work which happens every day throughout the city of

Philadelphia at 20 PAL locations.

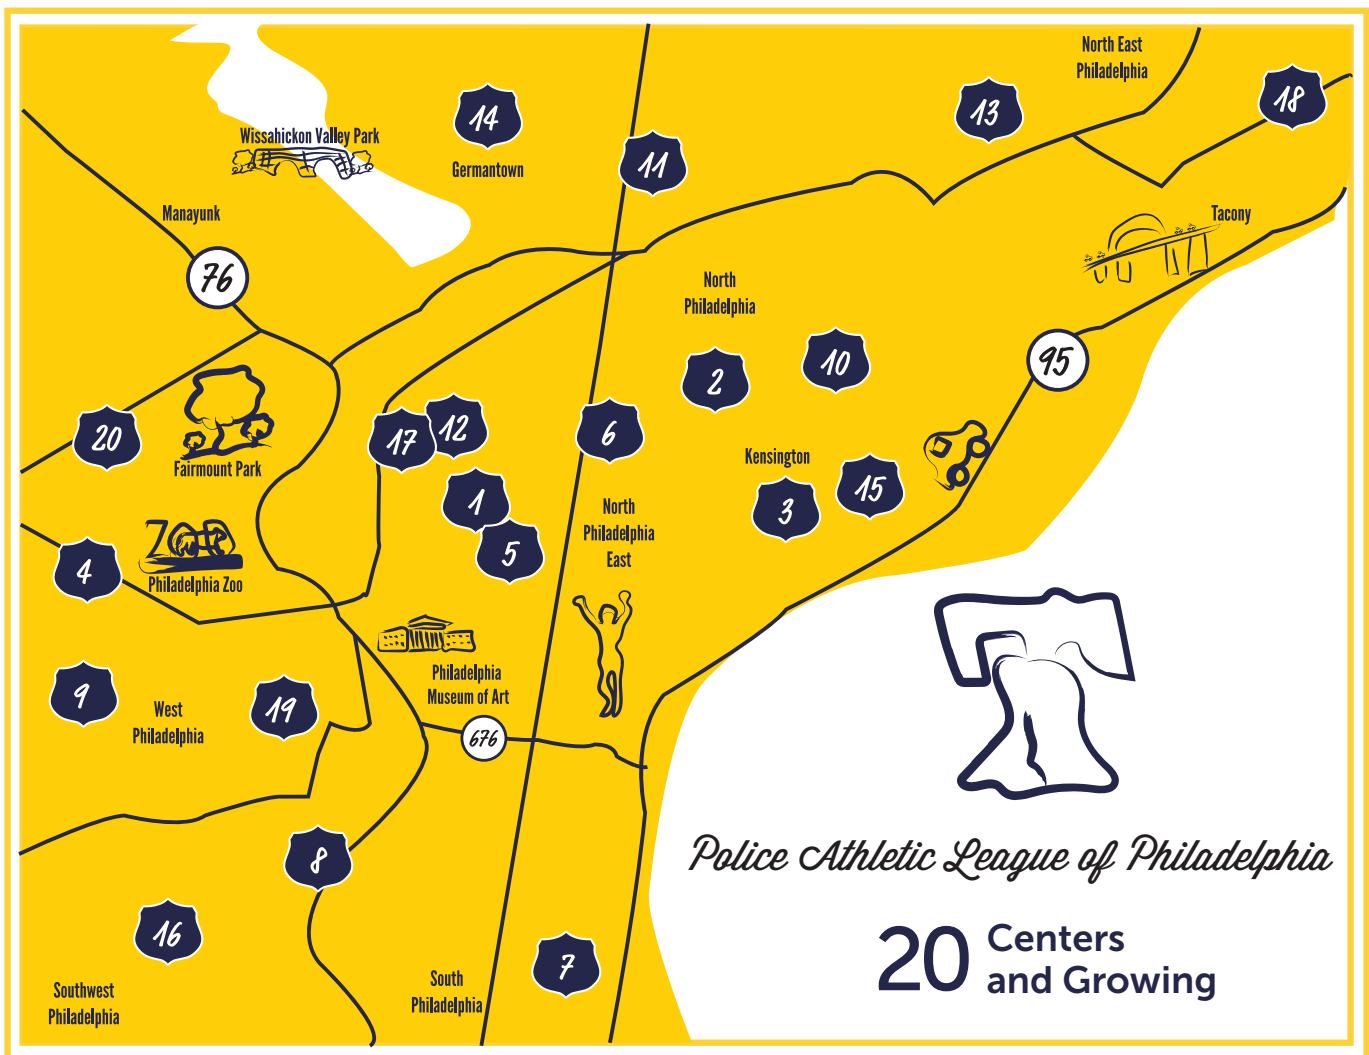

Your gift is life saving and life changing!
